Hand Tools

Europe, the Middle East and Africa

and associated equipment

(Internet download)

 **Tyco Electronics**

Introduction

Tyco Electronics recommends that hand powered tools are used only for repair or very low volume production use. Care must be taken not to use these types of tools continuously for prolonged periods as RSI (repetitive strain injury) may result. Tyco Electronics provides a wide range of powered equipment options where medium to high volumes are anticipated.

What you need to know about Terminals

Loose Piece

For a Terminal to be suitable for use in a hand tool it must be cut from the carrier strip it is manufactured on, and more importantly pre-formed.

We call this the loose piece (LP) version - this may have the same / different base PN and / or dash number than the strip version.

Pre-forming allows the short stroke of a hand tool to work and helps stabilise the terminal within the tool and form correctly during crimping.

Terminal Types

Terminal type descriptions are very general and can be misleading if solely used to identify suitable tooling. It is strongly recommended that when searching for a tool for your application, you establish and use a specific Loose piece PN.

Terminal Wire Range

Each Terminal will have a specific wire range, this may be different for different dash numbers of the same base PN.

This will determine which wire / tool combinations that can be used with the terminal.

What you need to know about Hand Tools

The procedures in the relevant Instruction Sheet must be followed to achieve optimum crimp results.

Tool Grade

A prime consideration when choosing the appropriate tool for an application.

Our hand tools are categorised into three levels; Service, Commercial and Premium, each level requiring less operator skill respectively so that the specified crimp parameters are met repeatedly.

Service tools rely heavily on operator skill to ensure that terminal and wire are correctly positioned correctly and that the specified crimp height is achieved repeatedly.

Commercial tools rely on some operator skill to ensure that terminal and wire are correctly positioned, but have a ratchet or certi-crimp mechanism to ensure that the specified crimp height is achieved repeatedly.

Premium tools have terminal and wire positioning aids built in, along with a ratchet or certi-crimp mechanism to best ensure that that all of the specified crimp parameters are met repeatedly.

Wire Range

The overall wire range is also a prime consideration when choosing the appropriate tool for an application. Often there will be several tools referenced to the same product but having different wire ranges.

Tool Type

Choosing a tool type maybe driven by several factors; simply by type preference, or by the application needs itself ie a heavy duty crimp, industry specification requirements etc.

Choosing the right tool

1. Enter your Terminal PN into the search.
2. Establish the wire sizes that you want to use within the terminal(s) wire range.
3. Check the db for the tool options available for your PN - Nothing available? Then contact your nearest PIC.
4. Choose a tool based on; tool type, wire range and tool grade that best suits your application.

SDE PRO-CRIMPER III

354940-1 - Base Tool without Die-set

An alternative to SDE PEW 12 & SDE DA hand tools, but with different features and a different geometry

Image representative of type only

Features:

- Accepts all SDE Shoulder & Pin Dies
- Ratchet mechanism ensures complete crimp cycle
- Emergency ratchet release feature
- Ergonomic non-slip handles
- Approximate weight 0.59 kg (1.3 lbs)

Part Number	Description	mm ² (AWG) or other
58448-2	AMPLIMITE HD-20	[28-20]
90800-1	AMPLIMITE HD-22	0.08 - 0.4 (28-22)

SDE DA Hand Tool

1213745-1 - Base Tool without Die-set

Designed specifically for closed barrel applications.

Image representative of type only

Features:

- Accepts all SDE Shoulder & Pin Dies
- High mechanical advantage for enhanced user comfort
- Ratchet mechanism ensures complete crimp cycle
- Emergency ratchet release feature
- Ergonomic non-slip handles
- Approximate weight 0.59 kg (1.3 lbs)

Die-set - SDE SA

These dies can have up to five crimp positions and are NOT suitable for use in the SDE Procrimper III Hand Tool

Image representative of type only

Features:

Use in:
 SDE SA Hand Tool 9-1478240-0
 SDE BATTERY TOOL (Kit) 1725837-2/-5 for shoulder dies
 SDE 626 Head 679304-1 + accessories
 SDE Electric Terminator 1490076-2
 SDE Bench Press Adapter 1579000-8 + Press 1481004-7

(not for use in SDE PRO-CRIMPER III Hand Tool 354940-1)

SDE SA

9-1478240-0 - Base Tool without Die-set

An alternative to PRO-CRIMPER III & SDE DA hand tools, but with different features and a different geometry

Image representative of type only

Features:

- Accepts all SDE; Shoulder, Pin & Plus Dies
- Ratchet mechanism ensures complete crimp cycle
- Virtually a straight action jaw closure
- Easy access ratchet release
- Handle pressure adjustment with locking device
- Ergonomic non-slip handles
- Approximate weight 0.59 kg (1.3 lbs)

Part Number	Description	mm ² (AWG) or other
9-1478239-0	Coax - GREENPAR	RG 8, 213... See 408-8695

Die-set - SDE Premium

These dies are based on the Double Action Hand Tools used in Aerospace & Military applications.

Image representative of type only

Features:

- Insulation crimp height adjustment
- Terminal locator & wire stop

Use in:

- SDE BATTERY TOOL (Kit) 1213890-2 for pin dies
- SDE Electric Terminator 1490076-2

Note: The Specifications shown against the Dies listed are only applicable when using terminals and wires recommended for the relevant industry

Part Number	Description	mm ² (AWG) or other
91964-2	PIDG, PLASTI-GRIP Terminals & Splices - equivalent crimp to 47386 Qualified; Mil-T-7928; LUL RSE 024 pt6 & EE6161 Marks the applied product with a two dot indent code.	0.4 - 1.5 (22-16)
91963-2	PIDG, PLASTI-GRIP Terminals & Splices - equivalent crimp to 47387 Qualified; Mil-T-7928; LUL RSE 024 pt6 & EE6161 Marks the applied product with a two dot indent code.	1.5 - 2.5 (16-14) 0.6 - 1.5 (20-16) HD
91965-2	PIDG, PLASTI-GRIP Terminals & Splices - equivalent crimp to 59239-4 Qualified; Mil-T-7928; LUL RSE 024 pt6 & EE6161 Marks the applied product with a two dot indent code.	4.0 - 6.0 (12-10)

SDE BATTERY TOOL Kit

Convert your existing Hand Tools into Powered!
 1213890-2 SDE Pin Dies, CLOSED head (EU Power Plug)
 1213890-5 SDE Pin Dies, CLOSED head (UK Power Plug)
 1725837-2 SDE Shoulder Dies, OPEN head (EU Power Plug)
 1725837-5 SDE Shoulder Dies, OPEN head (UK Power Plug)

Image representative of type only

Features:

Over 100 crimps per charge
 Compact - only 3560mm (14") long and weighs 1.57kg (3.48lbs)

The Tool Kit is supplied in a durable plastic carry case and includes:

- Battery Tool with the relevant SDE Head
- Battery Charger 220 v
- Two Batteries

for more information, please see the Power Assist section

SDE Electric Terminator

1490076-2 - Portable Bench-top Unit with SDE Head & Foot Switch

Image representative of type only

Features:

Ideal for low to medium production volumes.
 Accepts any SDE Die-set
 Mains powered unit - no air required
 Switchable 110v or 240v supply
 Cycle Counter
 Two stage crimp cycle option

for more information please see the Power Assist section

SDE 626 Pneumatic

Ideal for low to medium production volumes.

Image representative of type only

Features:

Accepts any Pin / Shoulder SDE Die-sets
 All pneumatic

Options for SDE 626 Head 679304-1:
 Tool Holder with Ratchet 356302-1 (pictured)
 or Tool Holder without Ratchet 189767-1
 and
 Hand held power unit 189721-1 (pictured)
 or Foot actuated Power Unit 189722-1

for more 626 options please see the Power Assist section

Part Number	Description	mm ² (AWG) or other
679304-1	Head Only - requires Tool Holder & Power Unit	4.0 - 6.0 (12-10)
1213855-1	Tool assembly comprising; 679304-1, 356302-1 & 189721-1	4.0 - 6.0 (12-10)

Only the most popular options are listed here, please use our online search by terminal PN to find the right tool for your application, and contact us where information is unclear or missing - there may well be something available for your requirement.

SDE Bench Press Adapter

1579000-8 - Adapter only

Features:

Adapts Bench Top Press SSC- 2FP (1481004-7 pictured) to take all SDE Shoulder & Pin Dies

for more information on the Press and Press options, please see the Power Assist section

Image representative of type only

CERTI-CRIMP II SAHT

Standard Straight Action Hand Tool Design
Widely used in the Aircraft and Military industries

Image representative of type only

Features:

Fixed dies
Straight action jaw closure
Ratchet mechanism ensures complete crimp cycle
Emergency only ratchet release
Terminal/wire positioning aids & Ins. adjustment on most tools
Ergonomic non-slip handles
Approximate weight 0.59 kg (1.3 lbs)

Part Number	Description	mm ² (AWG) or other

CERTI-CRIMP II SAHT - Short Handle

Ideal for working in confined spaces
 Widely used in the Aircraft and Military industries

Image representative of type only

Features:

- Fixed dies
- Straight action jaw closure
- Ratchet mechanism ensures complete crimp cycle
- Emergency only ratchet release
- Terminal/wire positioning aids & Ins. adjustment on most tools
- Ergonomic non-slip handles
- Approximate weight 0.5 kg (1.1 lbs)

Part Number	Description	mm ² (AWG) or other
1901611-2	PIDG STRATO-THERM Terminals & Splices	0.2 - 0.6 (24-20)
1901600-2	PIDG STRATO-THERM Terminals & Splices	1.0 - 1.5 (18-16)

Only the most popular options are listed here, please use our online search by terminal PN to find the right tool for your application, and contact us where information is unclear or missing - there may well be something available for your requirement.

CERTI-CRIMP II SAHT - Long Handle

Low handle force for ease of operation
 Widely used in the Aircraft and Military industries

Image representative of type only

Features:

- Fixed dies
- Straight action jaw closure
- Ratchet mechanism ensures complete crimp cycle
- Emergency only ratchet release
- Terminal/wire positioning aids & Ins. adjustment on most tools
- Ergonomic non-slip handles
- Approximate weight 0.59 kg (1.3 lbs)

Part Number	Description	mm ² (AWG) or other
1901611-1	PIDG STRATO-THERM Terminals & Splices	0.2 - 0.6 (24-20)
1901600-1	PIDG STRATO-THERM Terminals & Splices	1.0 - 1.5 (18-16)

Only the most popular options are listed here, please use our online search by terminal PN to find the right tool for your application, and contact us where information is unclear or missing - there may well be something available for your requirement.

CERTI-CRIMP II SAHT - Head Assy (Square)

Head only for use with Power Assist options

Image representative of type only

Features:

- Fixed Dies
- Straight action jaw closure
- Ratchet mechanism ensures complete crimp cycle
- Emergency only ratchet release
- Terminal/wire positioning aids & Ins. adjustment on most tools

Use with:

- 1213805-[] Battery Tool Kit
- 1213860-[] Adapter, Electric Terminator

Part Number	Description	mm ² (AWG) or other
1-1901611-1	PIDG STRATO-THERM Terminals & Splices	0.2 - 0.6 (24-20)
1-1901600-2	PIDG STRATO-THERM Terminals & Splices	1.0 - 1.5 (18-16)

Only the most popular options are listed here, please use our online search by terminal PN to find the right tool for your application, and contact us where information is unclear or missing - there may well be something available for your requirement.

CERTI-CRIMP II SA Battery Tool Kit

Convert your existing Hand Tools into Powered!

- 1213805-2 - Kit only without Head
- 1213805-5 - Kit only without Head (GB Power Plug)

Image representative of type only

Features:

- Heads can be removed from Hand Tools, or are also available as a [-3] option.
- Example 91500-1 CERTI-CRIMP II SAHT; handles can be removed and the head used with this kit. Alternatively 91500-3 (head only) is also available.

- Over 100 crimps per charge
- Compact - only 360mm (14") long and weighs 1.57kg (3.48lbs)

- The Tool Kit is supplied in a durable plastic carry case and includes:
- Battery Tool with the relevant CERTI-CRIMP II SAHT Adapter
- Battery Charger 230 v
- Two Batteries

for more information, please see the Power Assist section

Adapter - CERTI-CRIMP II to Electric Terminator

1213860-1 - Adapter only

Features:

For use with Electric Terminator 539630-1 and any CERTI-CRIMP II SAHT Head.

- Heads can be removed from Hand Tools, or are also available as a [-3] option.
- Example 91500-1 CERTI-CRIMP II SAHT; the head can be removed from the handles and used along with this adapter on the Electric Terminator. Alternatively 91500-3 (head only) is also available.

Image representative of type only

Double Action Hand Tool

Note: The approvals shown against the tools listed are only applicable when using terminals and wires recommended for the relevant industry.

Image representative of type only

Widely used in Aircraft and Military applications

Features:

Fixed dies

Ratchet mechanism ensures complete crimp cycle

Emergency only ratchet release

Terminal/wire positioning aids & Ins. adjustment on many tools

Ergonomic non-slip handles

Approximate weight 0.54 kg (1.2 lbs)

Part Number	Description	mm ² (AWG) or other
45216	PIDG Closed End Splice	1.0 - 1.5 (18-16)
47386	PIDG & PLASTI-GRIP Terminals; PIDG Splices Standard tool for GB Railways - Qualified; Mil-T-7928/7; LUL RSE 024 pt6 & EE6161 Marks the applied product with a one dot indent code.	0.4 - 1.5 (22-16)
47386-5	PIDG & PLASTI-GRIP Terminals; PIDG Splices French Special - Qualified; Mil-T-7928 - AMP specified level Marks the applied product with a one dot indent code. Includes French Instruction Sheet	0.4 - 1.5 (22-16)
47387	PIDG & PLASTI-GRIP Terminals; PIDG Splices Standard tool for GB Railways - Qualified; Mil-T-7928; LUL RSE 024 pt6 & EE6161 Marks the applied product with a two dot indent code.	1.25 - 2.0 (16-14) 0.6 - 1.5 (20-16) HD

Double Action Hand Tool Battery Tool Kit

Convert your existing Hand Tools into Powered!

1213804-2 - Kit only without Head

1213804-5 - Kit only without Head (GB Power Plug)

Image representative of type only

Features:

Example 47386 DAHT; handles can be removed and the head used with this kit.

Over 100 crimps per charge

Compact - only 360mm (14") long and weighs 1.57kg (3.48lbs)

The Tool Kit is supplied in a durable plastic carry case and includes:

Battery Tool with the relevant DAHT Adapter

Battery Charger 230 v

Two Batteries

for more information, please see the Power Assist section

Adapter - Double Action Hand Tool to 626 Pneumatic

1213563-1 - Adapter only

Image representative of type only

Features:

Heads can be removed from Hand Tools, example: the Handles from 47386 can be removed and the head used with this Adapter (includes cam).

Also required:

Hand held power unit 189721-1

or

Foot actuated Power Unit 189722-1

for more information, please see the Power Assist section

C-Head SAHT

69710-1 - Base Tool without Die-set
Widely used in Aircraft and Military applications
Can be used with all C-Head SAHT Dies

Image representative of type only

Features:

Interchangeable Dies
Straight action jaw closure
Ratchet mechanism ensures complete crimp cycle
Emergency only ratchet release
Approximate weight 0.86 kg (1.9 lbs)

C-Head SAHT - LD

1901260-1 Base Tool without Die-set
A light duty alternative to 69710-1
Can be used with all C-Head SAHT Dies EXCEPT:
- Die-set - C-Head SAHT - HD
- Through Splice applicatons

Image representative of type only

Features:

Interchangeable Dies
Straight action jaw closure
Ratchet mechanism ensures complete crimp cycle
Emergency only ratchet release
Ergonomic non-slip handles
Approximate weight 0.5 kg (1.1 lbs)

Die-set - C-Head SAHT

A range of Die-sets for many premium crimp applications

Features:

Use in:

Hand Tool Frame 69710-1

Hand Tool Frame 1901260-1 (see restrictions)

Battery Tool Kits:

Open Head 1213840-[]

Closed Head 1213819-[]

Adapters for C-Head Dies:

Electric Terminator 1901556-1

Press SSC- 2FP 8-1481221-3

Heavy Head Hand Tool Battery Tool Kit

Convert your existing Hand Tools into Powered!

1901235-2 - Kit only without head

1901235-5 - Kit only without head (GB Power Plug)

Image representative of type only

Features:

Heads can be removed from many Heavy Head Hand Tools, example:
the Handles from 59239-4 can be removed and the head used with this kit.
See Instruction sheet 409-10068 for a list of compatible tools

Over 100 crimps per charge

Compact - only 360mm (14") long and weighs 1.57kg (3.48lbs)

The Tool Kit is supplied in a durable plastic carry case and includes:

Battery Tool with Heavy Head Adapter

Battery Charger 230 v

Two Batteries

for more information, please see the Power Assist section

Adapter - Heavy Head to 626 Pneumatic

525432-1 - Adapter only

Features:

Heads can be removed from Hand Tools, example:
the Handles from 59239-4 can be removed and the head used with this Adapter on the 626 Pneumatic system.

Also required:

Adapter Holder with Ratchet 356304-1

or Adapter Holder without Ratchet 189928-1

and

Hand held power unit 189721-1

or Foot actuated Power Unit 189722-1

Image representative of type only

Reel-Fed CERTI-LOK

A unique tool that applies terminals from special small reels

Features:

- Terminal feeding and cutting device
- Straight action jaw closure
- Ratchet mechanism ensures complete crimp cycle
- Easy access ratchet release
- Handle pressure adjustment with locking device
- Ergonomic non-slip handles

Image representative of type only

CERTI-LOK

169400 - Base Tool without Die-set

Features:

- Interchangeable Dies
- Straight action jaw closure
- Ratchet mechanism ensures complete crimp cycle
- Easy access ratchet release
- Handle pressure adjustment with locking device
- Ergonomic non-slip handles
- Approximate weight 0.64 kg (1.4 lbs)

Image representative of type only

Adapter - CERTI-LOK to Electric Terminator

169411 - Adapter only

Features:

Adapts the Electric Terminator 539630-1 to take CERTI-LOK Dies

for more information on the Press and Press options, please see the Power Assist section

Image representative of type only

PEZ 100

539717-1 - Base Tool without Die-set
 1579000-1 - Base Tool without Die-set Long Handles

Image representative of type only

Features:

- Interchangeable Dies
- Flap type terminal locator
- Straight action jaw closure
- Ratchet mechanism ensures complete crimp cycle
- Easy access ratchet release
- Handle pressure adjustment with locking device
- Ergonomic non-slip handles

ERGOCRIMP

539635-1 - Base tool without Die-set
 Note: This tool is not compatible with SDE Dies

Image representative of type only

Features:

- Interchangeable Dies
- Virtually a straight action jaw closure
- Ratchet mechanism ensures complete crimp cycle
- Easy access ratchet release
- Handle pressure adjustment with locking device
- Ergonomic non-slip handles
- Approximate weight 0.59 kg (1.3 lbs)

Spare parts Kit 539635-2 (excluding main spring)
 Main Spring PN 1579005-1

Tetra-Crimp Hand Tool

58078-3 - Base Tool without Die-set

Image representative of type only

Features:

- Interchangeable Dies
- Ratchet mechanism ensures complete crimp cycle
- Tamper proof ratchet release setting
- Emergency ratchet release feature
- Terminal locator / support and wire stop on many tools
- Approximate weight 0.64 kg (1.4 lbs)
- Ergonomic non-slip handles

Part Number	Description	mm ² (AWG) or other
58052-3	Die-set for ULTRA FAST	0.15 - 0.4 (26-22)
90390-3	Die-set for ULTRA FAST (including Flag Terminals)	0.4 - 1.0 (22-18)
90391-3	Die-set for ULTRA FAST (including Flag Terminals)	1.5 - 2.5 (16-14)
58079-3	Die-set for ULTRA FAST PLUS	0.4 - 1.0 (22-18)
58080-3	Die-set for ULTRA FAST PLUS	1.5 - 2.5 (16-14)

Mini CERTI-LOK

A light weight and compact tool for many commercial applications

Image representative of type only

Features:

- Fixed dies
- Straight action jaw closure
- Ratchet mechanism ensures complete crimp cycle
- Easy access ratchet release
- Handle pressure adjustment with locking device
- Easy terminal positioning with 'Flap Locator' (some tools)
- Ergonomic non-slip handles
- Approximate weight 0.46 kg (1.0 lbs)

Modular Mini CERTI-LOK

Based on the Mini Certi-Lok tool

Image representative of type only

Features:

Heads with identical features to the Mini Certilok tool

- Choice of two handle lengths:
- 2-1579005-1 Short Handle
- 2-1579005-2 long Handle

Interchangerbility via snap-in pins.

C-Frame Hand Tool

6-1419172-9 - Base Tool without Die-set

Image representative of type only

Features:

- Interchangeable Dies
- Double action jaw closure
- Ratchet mechanism ensures complete crimp cycle
- Easy access ratchet release
- Handle pressure adjustment with locking device
- Ergonomic non-slip handles
- Approximate weight 0.55 kg (1.2 lbs)

Part Number	Description	mm ² (AWG) or other
1583684-1	Die-set for ADK Series Back Shell	6.0 mm Cable Dia Max
1583684-2	Die-set for ADK Series Back Shell	7.5 mm Cable Dia Max
1583684-3	Die-set for ADK Series Back Shell	8.5 mm Cable Dia Max
1583684-4	Die-set for ADK Series Back Shell	9.5 mm Cable Dia Max
948761-1	Complete tool for HDE20 Ferrule	Cable Ø4.8 - 6.3
948761-2	Complete tool for HDE 20 Ferrule	Cable Ø6.3 - 8.2
948761-3	Complete tool for HDE20 Ferrule	cabl e Ø8.2 - 11.1
734566-1	Complete tool for N Series 50 & 70 ohm

D-Frame Tool

Image representative of type only

Features:

- Fixed Die-sets
- Small and lightweight
- Ratchet mechanism ensures complete crimp cycle
- Easy access ratchet release
- Handle pressure adjustment with locking device
- Ergonomic non-slip handles
- Approximate weight 0.55 kg (1.2 lbs)

Part Number	Description	mm ² (AWG) or other
947488-1	Coax - BNC, TNC	Cable Dia 5 & 6mm
947679-1	HE 13 / 14 Crimp-on Snap-in	0.08 - 0.2 (28-24)
2-1579002-0	Wire Wire End Ferrules (Square crimp form)	0.5 - 6.0 (22-10)

Trapezium Crimp Tool

Special Trapezium crimp tool for Wire End Ferrule applications

Image representative of type only

Features:

- Ratchet mechanism ensures complete crimp cycle
- Easy access ratchet release
- Handle pressure adjustment with locking device
- Ergonomic non-slip handles

Part Number	Description	mm ² (AWG) or other
734641-2	Wire End Ferrules (trapezium crimp form)	0.14 - 6.0 (26-10)
734641-3	Wire End Ferrules (trapezium crimp form)	0.5 - 10 (22-6)
734641-4	Wire End Ferrules (trapezium crimp form)	10.0 - 16.0 (8-6)

Only the most popular options are listed here, please use our online search by terminal PN to find the right tool for your application, and contact us where information is unclear or missing - there may well be something available for your requirement.

Square Crimp Tool

Special Square crimp tool for Wire End Ferrule applications

Features:

- Ratchet mechanism ensures complete crimp cycle
- Easy access ratchet release
- Handle pressure adjustment with locking device
- Ergonomic non-slip handles

Image representative of type only

Part Number	Description	mm ² (AWG) or other
539660-1	Wire Wire End Ferrules (square crimp form)	0.08 - 6.0 (28-10)
539661-1	Wire Wire End Ferrules (square crimp form)	0.75 - 10 (20-8)
7-1579014-0	Wire End Ferrules DIN 46228 Pt. 1 & 4 - crimp length 13mm. Crimp is indented on two sides only - (better for smaller sizes)	0.08 - 10.0 (28-8)

Pistol Grip II

58074-1 - Manual Handle without Head
 58075-1 - Pnuematic Handle without Head
 Ideal for small batch production and repair

Image representative of type only

Features:

Interchangeable Heads
 Complete cycle ratchect control
 Product automatically indexes after insertion
 Head rotates for user convenience

Part Number	Description	mm ² (AWG) or other
58372-1	Head only for AMP CT 2.0	2 to 28 ways
58063-2	Head only, for AMPLIMITE HDE-20	0.05 - 0.6 (30-20)
608868-1	Complete Tool, for AMPLIMITE HDE - 20	0.05 - 0.6 (30-20)
58569-1	Head only for AMPMODU MTE Receptacle Inserts crimped Contacts into Housing	
58336-1	Head only for AMPMODU MTE Receptacle	0.03 - 0.4 (30-22)
937317-1	Complete Tool, for Mini CT MT	2 to 20 Posns
58246-2	Head only for MTA 100	0.06 - 0.4 (30-22)
58579-1	Complete Tool, for MTA 100	0.08 - 0.4 (28-22)
58246-1	Head only, for MTA 100	0.09 - 0.4 (28-22)
58247-1	Head only, for MTA 156 & discrete wires	0.15 - 1.0 (26-18)
58247-3	Head only, for MTA 156 Discrete Wire, Jacketed or Ribbon Cable applications	0.15 - 1.0 (26-18)
58580-1	Complete Tool, for MTA 156	0.15 - 1.0 (26-18)
58443-1	Head only for MTA-156 Discrete Wire Receptacles	[26-18] Ins. Ø2.41mm max

Only the most popular options are listed here, please use our online search by terminal PN to find the right tool for your application, and contact us where information is unclear or missing - there may well be something available for your requirement.

Pistol Grip III

1-528015-6 - Base Tool without Head
 Order Handle and Head separately
 Ideal for small batch production and repair

Image representative of type only

Features:

Interchangeable Heads
 Complete cycle ratchect control
 Product automatically indexes after insertion

Part Number	Description	mm ² (AWG) or other
785900-1	Complete Tool for AMP MONOSHAPÉ	
734042-1	Head only for HE-13/14 (180°)	0.08 - 0.22 (28-24)
734043-1	Complete Tool for HE 13/14 (180°)	0.08 - 0.22 (28-24)
734040-1	Head only for HE-13/14 (90°)	0.08 - 0.22 (28-24)
734041-1	Complete Tool for HE-13/14 (90°)	0.08 - 0.22 (28-24)
870090-1	Complete Tool for MT Connector, Ribbon cable	2 to 20 Posns

Only the most popular options are listed here, please use our online search by terminal PN to find the right tool for your application, and contact us where information is unclear or missing - there may well be something available for your requirement.

Special Hand Tool for DUOPLUG 2.5

549033-1 - complete tool

Features:

Suitable for low volume production and repair work.
The connector housing is placed in a support frame and the handles are partially closed, then the wire can be inserted up against the wire stop.
Completely closing the handles pushes the wires into the IDC contacts and completes the termination.

Image representative of type only

Hand Tool - ANSLEY 779-2100

1437000-6 for all STD DIP Plugs

Features:

One Stationary Handle
One Moveable Handle
Upper Platten
Lower Platten mounting Plate
Accepts a range of Lower Platten Blocks to crimp a wide variety of products

Image representative of type only

Part Number	Description	mm ² (AWG) or other
1-1437000-2	Platten Block - ANSLEY 609 / 622 Ribbon Cable Socket Connectors	10 to 60 Pos
1437000-8	Platten Block - ANSLEY 609 Ribbon Cable Socket Connectors	10 to 64 Pos
1-1437000-3	Platten Block - ANSLEY 622 Ribbon Cable Socket Connectors	10 to 60 Pos
1437000-9	Platten Block - ANSLEY 622 Ribbon Cable Socket Connectors	10 to 64 Pos

Only the most popular options are listed here, please use our online search by terminal PN to find the right tool for your application, and contact us where information is unclear or missing - there may well be something available for your requirement.

Standard Extraction Tool

Insert discrete terminals into connector housings or remove them, without causing damage to either the terminals or housings.

Image representative of type only

Features:

This standard tool design features a comfortable handle and snap-in/out protective cover. Users can stow the business end of the tool when not in use, to protect against inadvertent damage to product or personal injury.

Standard Insertion Tool

Insert discrete terminals into connector housings or remove them, without causing damage to either the terminals or housings.

Image representative of type only

Features:

This standard tool design features a comfortable handle and snap-in/out protective cover. Users can stow the business end of the tool when not in use, to protect against inadvertent damage or personal injury.

Part Number	Description	mm ² (AWG) or other
1-1579007-9	Pin/Socket Ø4.0	

Only the most popular options are listed here, please use our online search by terminal PN to find the right tool for your application, and contact us where information is unclear or missing - there may well be something available for your requirement.

Insertion Tool

Insert discrete terminals into connector housings or remove them, without causing damage to either the terminals or housings.

Image representative of type only

Features:

Many different design types currently exist for our vast terminal range, which we continue to convert. If you would like the tool you use converted to our Standard design, want a custom kit or tools in this design for other manufacturers products – contact us, and where volumes permit we will be pleased to provide you with a quotation for your requirement.

ROTA-CRIMP Hand Tool

Generally used in Battery Lead applications

Features:

- Very large wire range covered
- Simply rotate the appropriate crimp nest into position
- Available with and without full cycle ratchet mechanism

Image representative of type only

Part Number	Description	mm ² (AWG) or other
600850	Tool without Ratchet for Battery Terminals & Lugs	10.0 - 120.0 (8-4/0)
600850-1	Tool with ratchet for Battery Terminals & Lugs (pictured)	10.0 - 120.0 (8-4/0)
601129-2	Tool with Ratchet for PLASTI-GRIP & Pre-insulated AMPPOWER Terminals; TERMINYL Terminals & Splices	Single Crimp 10.0 - 35.0 (8-2) Dual Crimp 1/0

Only the most popular options are listed here, please use our online search by terminal PN to find the right tool for your application, and contact us where information is unclear or missing - there may well be something available for your requirement.

Bantam ROTA-CRIMP Hand Tool

Generally used in Battery Lead applications

Features:

- Large wire range covered
- Simply rotate the appropriate crimp nest into position
- Ratchet mechanism ensures complete crimp cycle
- Easy access ratchet release

Image representative of type only

Part Number	Description	mm ² (AWG) or other
601075	Tool without Ratchet for Battery Terminals & Lugs	10.0 - 50.0 (8-1/0)
601075-1	Tool with Ratchet for Battery Terminals & Lugs (pictured)	10.0 - 50.0 (8-1/0)

Only the most popular options are listed here, please use our online search by terminal PN to find the right tool for your application, and contact us where information is unclear or missing - there may well be something available for your requirement.

Hydraulic Hand Tool - SOLISTRAND

Generally used in Military & Aerospace applications

Features:

Integral Dies, simply rotate the appropriate die into position
 Pump action die closure

Image representative of type only

Part Number	Description	mm ² (AWG) or other
59975-1	SOLISTRAND Terminals & Splices	10.0 - 35.0 (8-2)

Only the most popular options are listed here, please use our online search by terminal PN to find the right tool for your application, and contact us where information is unclear or missing - there may well be something available for your requirement.

Hydraulic Head - SOLISTRAND

A version of 59975-1 for use with powered options

Features:

Integral Dies, simply rotate the appropriate die into position
 Use with:

Optional Hose Assemblies; 1583662-1, 1583662-2 or 1583662-3

Respectively; 1.83 M (6'), 3 M (10'), 6.1 M (20')

Hand Pump 1583661-1

Foot Pump 1583659-1

Electric-Hydraulic Pumps; 439798-2, 523199-1

Image representative of type only

Part Number	Description	mm ² (AWG) or other
1673672-1	Complete Head for SOLISTRAND Terminals & Splices	10.0 - 35.0 (8-2)

Battery-Hydraulic Tool 100 KN

1-1579002-9 with closed head design
 The listed Hex crimp Dies conform to DIN 48083
 Lugs to be applied should conform to DIN 46235

Image representative of type only

Features:

- Fast battery re-charge in 15 minutes
- 50 cycles approx. with one charge
- Rotating head for easy access

- Kit Includes: (Spare part PN)
 Tool + Head
 Battery charger (7-1579005-7)
 Battery (7-1579005-8)
 Carry Case (8-1579005-0)
 Foam inlay (8-1579005-1)

- Option:
 Bench-mount 7-1579005-9

Part Number	Description	mm ² (AWG) or other

Part Number	Description	mm ² (AWG) or other
1490749-1	Tool without Die-set (U Die alternative to 59973-1)	Any U Die

Only the most popular options are listed here, please use our online search by terminal PN to find the right tool for your application, and contact us where information is unclear or missing - there may well be something available for your requirement.

'U' Die 12 Ton Hydraulic Head

Suitable for ALL 'U' Dies - with the exception of 'U' Die Assy (14 ton)

Features:

- 36.5mm (1.2") stroke for fast cycle
- Rated for use with 700 bar (10,000 psi) pump units
- Circa 20,000 cycles

Image representative of type only

Use with:

- Optional Hose Assemblies; 1583662-1, 1583662-2 or 1583662-3 Respectively; 1.83 M (6'), 3 M (10'), 6.1 M (20')
- Hand Pump 1583661-1
- Foot Pump 1583659-1
- Electric-Hydraulic Pumps; 439798-2, 523199-1

Part Number	Description	mm ² (AWG) or other
1490745-1	Head without dies 25.4mm (1") stroke (U Die alternative to 69051)	
1490747-1	Lightweight Titanium Head without dies (U Die alternative to 69051)	12 Ton U Dies only

Only the most popular options are listed here, please use our online search by terminal PN to find the right tool for your application, and contact us where information is unclear or missing - there may well be something available for your requirement.

Battery-Hydraulic Tool Kit - 12 Ton 'U' Die

Suitable for ALL 'U' Dies - with the exception of 'U' Die Assy (14 ton)

Features:

- Rotating Head 320°
- Excellent power to weight ratio
- Circa 10,000 Cycles

Image representative of type only

Kit Includes:

- Crimp Tool
- Battery Charger 220v (PN 1213873-2)
- Rechargeable Battery (PN 1213872-1)
- Carry Case with strap

Part Number	Description	mm ² (AWG) or other
1213875-2	Complete Kit with EU Power Plug	12 Ton U Dies only

Only the most popular options are listed here, please use our online search by terminal PN to find the right tool for your application, and contact us where information is unclear or missing - there may well be something available for your requirement.

'U' Die 14 Ton Hydraulic Head

Suitable for ALL 'U' Dies

Features:

38mm (1.5") Stroke
 Rated for use with 700 bar (10,000 psi) pump units
 Rated for 20,000 cycles

Use with:

Optional Hose Assemblies; 1583662-1, 1583662-2 or 1583662-3
 Respectively; 1.83 M (6'), 3 M (10'), 6.1 M (20')
 Hand Pump 1583661-1
 Foot Pump 1583659-1
 Electric-Hydraulic Pumps; 439798-2, 523199-1

Image representative of type only

Part Number	Description	mm ² (AWG) or other
1490746-1	Head without dies 38mm (1.5") stroke (U Die alternative to 69051)	Any U Die

Only the most popular options are listed here, please use our online search by terminal PN to find the right tool for your application, and contact us where information is unclear or missing - there may well be something available for your requirement.

'U' Die 14 Ton Hydraulic Head - Latched

Suitable for ALL 'U' Dies

Features:

Latched Head for added strength
 38mm (1.5") Stroke
 Rated for use with 700 bar (10,000 psi) pump units

Use with:

Optional Hose Assemblies; 1583662-1, 1583662-2 or 1583662-3
 Respectively; 1.83 M (6'), 3 M (10'), 6.1 M (20')
 Hand Pump 1583661-1
 Foot Pump 1583659-1
 Electric-Hydraulic Pumps; 439798-2, 523199-1

Image representative of type only

Part Number	Description	mm ² (AWG) or other
1976230-1	Head (Latched) without Dies	Any U Die

Only the most popular options are listed here, please use our online search by terminal PN to find the right tool for your application, and contact us where information is unclear or missing - there may well be something available for your requirement.

Dies for Battery Tool Kit - 4 Ton Latch Head

Image representative of type only

Features:

Use in:

1901343-2 Battery Tool Kit with retract switch (EU power plug)

1901343-4 Battery Tool Kit without retract switch (EU power plug)

Part Number	Description	mm ² (AWG) or other
1976977-1	Die-set for PIDG STRATO-THERM Terminals & Splices with PTFE or PEEK thin-wall Insulation	4.0 (12)
1976976-1	Die-set for PIDG STRATO-THERM Terminals & Splices with PTFE or PEEK thin-wall Insulation	6 (10.0)
1901001-1	Die-Nest for SOLISTRAND Terminals & Splices - use with Indenter 1901002-2	10.0 (8)
1901002-2	Die-Indenter for SOLISTRAND Terminals & Splices - use with Nest 1901001-1	10.0 (8)
1901002-1	Die-Indenter for SOLISTRAND Terminals & Splices - use with Nest's; 1901000-1, 1901000-2, 1901000-3	16.0 - 35 (6-2)
1901000-1	Die-Nest for SOLISTRAND Terminals & Splices - use with Indenter 1901002-1	16.0 (6)
1901000-2	Die-Nest for SOLISTRAND Terminals & Splices - use with Indenter 1901002-1	25.0 (4)
1901000-3	Die-Nest for SOLISTRAND Terminals & Splices - use with Indenter 1901002-1	35.0 (2)
1901006-1	Die-set for TERMINYL Terminals & Splices; (PLASTI-GRIP where no insulation crimp is required)	10.0 (8) Red
1901007-1	Die-set for TERMINYL Terminals & Splices; (PLASTI-GRIP where no insulation crimp is required)	16.0 (6) Blue

Only the most popular options are listed here, please use our online search by terminal PN to find the right tool for your application, and contact us where information is unclear or missing - there may well be something available for your requirement.

Battery Tool Kit - 4 Ton Latch Head

Ideal for low to medium production volumes

Image representative of type only

Features:

Over 80 crimps per charge

Compact - only 356mm (14") long and weighs 1.6 kg (3.5lbs)

The Tool Kit is supplied in a durable plastic Carry Case and includes:

Battery Tool with Latched Head

Battery Charger 220v

Two Batteries

Spares

Battery Charger 220v (PN 1725840-2) EU power plug

Rechargeable Battery (PN 1725839-1)

Part Number	Description	mm ² (AWG) or other
1901343-2	Battery Tool Kit - 4 Ton Latch Head with retract switch (EU power plug)	
1901343-4	Battery Tool Kit - 4 Ton Latch Head without retract switch (EU power plug)	

Only the most popular options are listed here, please use our online search by terminal PN to find the right tool for your application, and contact us where information is unclear or missing - there may well be something available for your requirement.

Die-set - Hydraulic Head Open (Shank Die)

Image representative of type only

Features:

Can be used with

Head 1752868-1 - 700 bar (10,000 psi)

or

Head 69099 - 580 bar (8,200 psi)

Part Number	Description	mm ² (AWG) or other

Hydraulic Head Open (Shank Die)

Features:

Rated for use with 700 bar (10,000 psi) pump units

Use with:

Optional Hose Assemblies; 1583662-1, 1583662-2 or 1583662-3
Respectively; 1.83 M (6'), 3 M (10'), 6.1 M (20')

Hand Pump 1583661-1

Foot Pump 523199-2

Electric-Hydraulic Pumps; 439798-2, 523199-1

Image representative of type only

Part Number	Description	mm ² (AWG) or other
1752868-1	Hydraulic Head without Die-set (700 bar equivalent of 69099)	

Only the most popular options are listed here, please use our online search by terminal PN to find the right tool for your application, and contact us where information is unclear or missing - there may well be something available for your requirement.

Hydraulic Head Open - Dyna-Crimp

Features:

Rated for use with 580 bar (8,200 psi) pump units

Use with:

Optional Hose Assemblies; 59909-7, 1-59909-5 or 2-59909-1
Respectively; 2.12 M (7'), 4.58 M (15') 6.4 M (21')

Hand Pump 314979-1

Foot Pump 523199-3

Electric-Hydraulic Pump; 439798-1

Die-set - Hydraulic Head Closed (Shank Die)

Features:

Use in Heads:

1752787-1 & 1752877-1 - 700 bar (10,000 psi)

or

Dynacrimp Heads:

58422-1 & 69066 - 580 bar (8,200 psi)

Dies listed with * can only be used in Heads:

1752787-1 & 58422-1

see also relevant Die Instruction Sheet for more details

Heavy duty Electric Hydraulic Pump

Features:

Built for continuous use

Tank capacity = 11.37 liters (2.5 gallons)

Weight = 25 kg (65 Lbs)

90-95 dBA

Accessories - see 409-10081

Image representative of type only

Part Number	Description	mm ² (AWG) or other
169120-2	Heavy duty Electric Hydraulic Pump - 580 Bar (8,200 psi) 220v	
1804700-2	Heavy duty Electric Hydraulic Pump - 700 Bar (10,000 psi) 220v	

Only the most popular options are listed here, please use our online search by terminal PN to find the right tool for your application, and contact us where information is unclear or missing - there may well be something available for your requirement.

Electric Hydraulic Pump, light duty

Features:

Lightweight and compact design 10 kg

Large Carry-handle for easy portability

Two speed cycle reduces cycle time for improved productivity

24 v DC remote motor control, 3m length for operator safety

Starts under full load

High strength moulded shroud

Supplied with male quick coupler (no hose supplied)

Pressure Gauge options:

523200-1 Pressure Gauge

523200-2 Digital Pressure Gauge

523200-3 1/4" Adapter (required when using either Gauge)

Image representative of type only

Part Number	Description	mm ² (AWG) or other
523199-1	Portable pump 700 bar (10,000 psi) suitable for intermittent duty cycle	

Only the most popular options are listed here, please use our online search by terminal PN to find the right tool for your application, and contact us where information is unclear or missing - there may well be something available for your requirement.

Hydraulic Hand Pump

Features:

This pump action unit allows hydraulic heads via optional length hydraulic hoses a degree of positional flexibility

Image representative of type only

Part Number	Description	mm ² (AWG) or other
1583661-1	Hand Pump 700 bar (10,000 psi)	

Only the most popular options are listed here, please use our online search by terminal PN to find the right tool for your application, and contact us where information is unclear or missing - there may well be something available for your requirement.

Hydraulic Foot Pump

580 (8,500 psi) & 700 bar (10,000 psi) options

Features:

- Pump action operation
- Clicker valve pressure regulation
- Supplied with male quick-coupling

Image representative of type only

Part Number	Description	mm ² (AWG) or other
523199-2	Max pressure rating 700 bar (10,000 psi)	
523199-3	Max pressure rating 580 bar (8,500 psi)	

Only the most popular options are listed here, please use our online search by terminal PN to find the right tool for your application, and contact us where information is unclear or missing - there may well be something available for your requirement.

Group Cutter

1490498-1

Features:

- Suitable for Copper or Aluminum, solid or stranded to 35 mm² (2 awg) and Coax to RG 9
- Steel handles lock together for safe storage
- Non-slip plastic handle grips
- Not for Steel or ACSR cable

Image representative of type only

Cable Cutter 350 mcm

605744-1

Features:

- Suitable for Copper or Aluminum, solid or stranded to 185 mm² (350 MCM)
- Steel Handles
- Non-slip plastic handle grips
- Not for Steel or ACSR cable

Image representative of type only

Cable Cutter 500 mcm

605742-1

Features:

- Suitable for Copper or Aluminum, solid or stranded to 300 mm² (500 MCM)
- Fibreglass Handles
- Non-slip plastic handle grips
- Not for Steel or ACSR cable

Image representative of type only

Cable Cutter 350 mcm with Ratchet

1490489-1

Features:

- Suitable for Copper or Aluminum, solid or stranded to 180 mm² (350 MCM)
- Handles lock together for safe storage
- Ratchet mechanism keeps handle force low
- Non-slip plastic handle grips
- Not for Steel or ACSR cable

Image representative of type only

Cable Cutter 500 mcm with Ratchet

607453-2

Features:

- Suitable for Copper or Aluminum, solid or stranded to 300 mm² (500 MCM)
- Fibreglass Handles
- Non-slip plastic handle grips
- Not for Steel or ACSR cable

Image representative of type only

Cable Cutters SH Range

A range of heavy duty Cable Cutting tools

Features:

- Very compact and lightweight
- One handed - low handle closing force
- Burr free cutting
- Lockable cutting stroke
- Non-slip plastic hand grips

Image representative of type only

Part Number	Description	mm ² (AWG) or other
734045-1	solid and stranded copper and aluminium cables	Solid Cu 185 mm ² Solid Al 185 mm ² Stranded Cu / Al Ø52 Hi Flex Cu Ø52
169415-1	Solid and stranded copper and aluminium cables	Solid Cu 185 mm ² Solid Al 240 mm ² Stranded Cu / Al Ø25 Hi Flex Cu Ø32
1-1579002-8	solid and stranded copper and aluminium cables (no ACSR)	Solid Cu 480 mm ² Solid Al 480 mm ² Stranded Cu / Al Ø54

Corex Coax Stripper

For Cables with a Jacket diameter of 2.54 to 7.62 mm

Features:

- Complete cable strip
- Easy cutter adjustment
- Simple rotary cutting motion
- Colour coded cassettes
- Pre-set strip lengths

Image representative of type only

Part Number	Description	mm ² (AWG) or other
603995-2	2 step cable stripper for Comercial BNC connectors and RG 58 / 59 / 62 cable. 6.8 mm outer jacket strip length. Spare Cassete Blue, PN 603996-2	RG 58 / 59 / 62 Cable Ø5.0-6.5mm
947489-1	3 step cable stripper for Commercial BNC connectors. 7.5 mm outer jacket & 3.5 mm dielectric strip lengths. Spare Cassete Brown PN 947490-1	RG 58 / 59 / 62 Cable Ø5.0-6.5mm
603995-5	3 step cable stripper for Dual Crimp BNC connectors. 5.5 mm outer jacket & 5.5 mm dielectric strip lengths Spare Cassete Black PN 603996-4	
603995-6	3 step cable stripper for Dual Crimp Commercial BNC connectors and RG; 174, 179, 188 & 316 cable. 6.8 mm outer jacket & 2.5 mm dielectric strip lengths. Spare Cassete White PN 603996-5	RG; 174, 179, 188 & 316 Cable Ø2.5-3.0mm
603995-1	2 step cable stripper for Single crimp BNC connectors and RG 195 / 180 cable. 6 mm outer jacket strip length. Spare Cassete Red, PN 603996-1	RG 195 / 180 Cable Ø3.0-5.0mm
603995-3	2 step cable stripper for UHF connectors and RG 6 & Beldon 8281. 12 mm outer jacket strip length. Spare Cassete Yellow, PN 603996-3	RG 6 & Beldon 8281 Cable Ø6.4-7.0mm

Coax Cable Stripper

1490490-1

Features:

- 3 Blades designed to strip RG 6, 58 and 59 cable in one step
- Replaceable Blade Cartridges

Image representative of type only

Oden - Cable Stripper

2-1579002-4 - Stripping Tool

7-1579005-4 - Spare Blade

Image representative of type only

Features:

Outer Sheath Stripper suitable for most discrete, multicore and fibre optic cables

Fine adjustment is possible by a 10 position adjustment wheel

Replaceable Blade

Automatically adjusts to different cable diameters

Works on cable diameters up to 11mm

Ideal for Cat 5 & 6 cable

Cyclops - Cable Stripper

1375317-1

Features:

Outer Sheath Stripper

Automatically adjusts to different cable diameters

Works on cable diameters up to 11mm

Image representative of type only

Economy Wire Stripper & Cutter

1490491-1

Features:

Strips 0.2 - 6.0 mm² (24-10)

8 wire size adjustments

Image representative of type only

Tor - Rotary Cable Stripper

2-1579002-5 - Stripping Tool
Nato Stk No. 5110-99-5301839

Image representative of type only

7-1579005-5 - Spare Blade

Features:

Works on cables from 4.5 to 40 mm diameter
Circular + Straight Strip
Circular + Spiral Strip
Also window stripping possible
Replaceable blade
Lanyard fixing
Spare blade in handle cavity

Rotary Cable Stripper

606700-1

Image representative of type only

Features:

Works on cables up to 25 mm diameter
Circular + Straight Strip
Supplied with spare blade

Embla - Automatic Wire Stripper

For various insulation types

Features:

- Easily replaceable blade cassette
- V blade cassettes for difficult cable types
- Adjustable stripping length
- Ergonomic non-slip handles
- Built-in cutter, also with replaceable blades

Image representative of type only

Part Number	Description	mm ² (AWG) or other
2-1579002-3	most insulation types and includes: form blade Cassette 4 - 16 mm ² Spare Blade 7-1579005-3	4.0 - 16.0 (12-6)
2-1579002-2	PTFE, THHN & TTHW and includes: V blade Cassette 0.02 - 4 mm ² Spare Blade 7-1579005-2	0.2 - 4.0 (24-12)
2-1579002-1	Standard PVC and includes: parallel blade Cassette 0.02 - 10 mm ² Nato Stk No. 5110-99-7009177 Spare Blade 7-1579005-1	0.02 - 10.0 (34-8)

Automatic Wire Stripper

734185-1

Features:

- Works on PVC, THHN and TTHW cable 0.08 - 6.0 (28-10)
- Adjustable stripping length
- Ergonomic non-slip handles
- Built-in cutter

Image representative of type only

Die-cast Automatic Wire Stripper

Features:

Adjustable strip length
Automatic cut-depth
Non-slip handles

Image representative of type only

Part Number	Description	mm ² (AWG) or other
1579002-2	Base Tool without Blades	
1-1579002-2	for PVC, THHN and THHW cable (includes blades) Spare Blade set 3-1579005-7	0.08 - 6.0 (28-10)
4-1579002-2	for SOLARLOK Cable (includes blades) Spare Blade set 1579006-7	1.5 - 6.0 (16-10)

Small Wire Cutters

1116571-1

Used primarily when lacing / installing the tool-less Mod Jack

Image representative of type only

Features:

Cuts wire flush
Spring loaded handles

KT 80 Cutting Tool

654061-1 - Ideal for cutting Ribbon Cable

Features:

Up to 64 conductors of 0.5mm² by 81.5mm wide
Clean undistorted cut
Built-in Guide ensures square cut

Image representative of type only

Replaceable:

Blade 658654-1

Anvil 658563-1

Cable Tie Gun

734587-1 - for Cable Ties 2.2 - 4.8 mm and thickness up to 1.6 mm

Features:

- Automatic cut-off
- Adjustable tension setting

Image representative of type only

Non-impact Punch-down Tool

Tools without impact assist

Features:

- Rubber palm grip
- Blade Storage area in the side of the Tool
- Accepts all Twist & Lock Blades

Image representative of type only

Part Number	Description	mm ² (AWG) or other
1583236-1	Tool with 110 Blade	0.08 - 0.34 (28-24)
1583236-2	Tool without blade	0.08 - 0.34 (28-24)
1583236-3	Tool with 066 Blade	0.08 - 0.34 (28-24)

Mod Jack Tool

Tool & Lacing Fixture combinations for rear entry cable Jacks.

Image representative of type only

Features:

- Built-in cable stripper
- Terminates and cuts all conductors in one go
- Very small breakouts can be achieved
- Comes in a convenient Draw-string Pouch

- Can be used on CAT 3 , 5 & 6 cable with:
- Rear cable entry 110 SL Series Jacks
- Rear cable entry AMP TWIST 6S SL Jacks

Part Number	Description	mm ² (AWG) or other
1673956-1	Lacing Fixture for rear cable entry 110 SL series Jacks. Use in Base Tool & Pouch 1725150-3	0.2 (24) stranded 0.2-0.4 (24-22) solid
1725150-1	Base tool, Pouch & Lacing Fixture 1673956-1 for rear cable entry 110 SL series Jacks	0.2 (24) stranded 0.2-0.4 (24-22) solid
1725150-3	Base tool & Pouch for rear cable entry AMP TWIST 6S SL series Jacks. NO Lacing Fixture required	0.2 (24) stranded 0.2-0.4 (24-22) solid

Tone Generator

1490531-1

1673606-1 - includes 1490531-1 plus Tone Tracer 1490533-1 in handy Two Pocket Pouch

Image representative of type only

Features:

Three built-in tones

Auto off

Separate talk battery for increased voltage and power for test sets

Modular Jack allows multiple cord sets to be used for different applications

Tone Tracer

1490533-1

1673606-1 - includes 1490533-1 plus Tone Generator 1490531-1 in handy Two Pocket Pouch

Image representative of type only

Features:

Detection without direct cable or wire contact

Ergonomically shaped

Can be used with any Tone Generator

Replacement quick change tips available

4-Pair Tester

1490530-1

Features:

Tests for opens, shorts, mis-wires, reversals and split pairs

Auto on/off

Battery low indicator

Image representative of type only

Butt Set

1490532-1

Features:

LCD Display shows; on-hook voltage, number dialled, off-hook current, called ID, stored numbers etc.
 Tone and pulse dialling
 Modular cord set attachment
 Auto off

Fibre Cleaver - S 315

492674-1

Image representative of type only

Features:

- Long life Ceramic Blade - over 6,000 cuts
- 90° at <1°, and 99% at <2°
- Suitable for single and multimode fibres
- Carry case included

Fibre Cleaver - Universal

503924-1

Features:

For all Cut & Break applications
 Cutter life: circa 40,000 cleaves

Image representative of type only

Dual Purpose Butterfly Tool

Mass termination tool for AMP CHAMP products

Features:

Mass terminates and shears all wires in a single action
 Can be fixed by screws to a bench
 Supplied in a carrying case

Image representative of type only

Part Number	Description	mm ² (AWG) or other
229378-1	Standard tool for AMP CHAMP	14, 24, 36 & 50 Posn
231880-1	Standard tool for AMP CHAMP	64 Posn

FT8

608668-1 - Base Tool without Positioner

Features:

- 4/8 indent Crimp
- Ratchet mechanism ensures complete crimp cycle
- 8 Position Dial select Indent Depth control
- Ergonomic non-slip handles

Image representative of type only

Part Number	Description	mm ² (AWG) or other
608668-2	Positioner TP731 for AMPLIMITE Size 8 Use with Hand Tool 608668-1	1.0 - 1.5 (18-16)

Only the most popular options are listed here, please use our online search by terminal PN to find the right tool for your application, and contact us where information is unclear or missing - there may well be something available for your requirement.

M300 BT

608651-1 - Base Tool without Positioner

Features:

- 4/8 indent Crimp
- Ratchet mechanism ensures complete crimp cycle
- 8 Position Dial select Indent Depth control
- Ergonomic non-slip handles

Image representative of type only

Part Number	Description	mm ² (AWG) or other
608651-2	Positioner TP1151 for AMPLIMITE Size 8 Use with Hand Tool 608651-1	2.5 - 10.0 (14-8)
608651-3	Positioner SP858 for AMPLIMITE Size 8 Use in hand Tool 608651-2	6.0 - 10.0 (10-8)

ERGOGRIMP - Chrome

1-1105850-8 Base Tool without Die-set (pictured)

Image representative of type only

Note: This tool is not compatible with SDE Dies

Features:

Chrome plated for greater corrosion resistance.
Interchangeable Dies
Virtually a straight action jaw closure
Ratchet mechanism ensures complete crimp cycle
Easy access ratchet release
Handle pressure adjustment with locking device
Ergonomic non-slip handles

The listed Dies can be used in the same options as regular ERGOGRIMP Dies

Part Number	Description	mm ² (AWG) or other
2-1105652-8	Die-set for HS S Contacts	10.0 & 16.0
539744-2	Die-set for HTS HDM	0.2 - 0.5
539668-2	Die-set for HTS HDM Contacts	0.2 - 1.5
1-1105652-8	Die-set for HTS HSS Contacts	6.0 & 25.0
1-1105851-8	Complete Tool for HTS: HE/HA; HND; HVT Contacts	0.14 - 4.0
1-1105852-8	Die-set for HTS: HE/HA; HND; HVT Contacts	0.14 - 4.0
2-1105870-8	Die-set for HTS: HSK; HSM; HSS Contacts	4.0 - 10.0
1-1105870-8	Die-set for HTS: HSM; HSK; HSS Contacts	0.75 - 2.5

Crimping Pliers

TELSPLICE

Features:

- Shut height stop prevents over-crimping
- Rounded nose won't snag on wires
- Built-in wire cutter

Image representative of type only

Part Number	Description	mm ² (AWG) or other
790162-1	all TELSPLICE products - sprung-open Jaws	0.4 - 0.9 (22-20)
231839-1	all TELSPLICE products - passive Jaws	0.4 - 0.9 (22-20)

Only the most popular options are listed here, please use our online search by terminal PN to find the right tool for your application, and contact us where information is unclear or missing - there may well be something available for your requirement.

Double Point Electrical Tester

790106-1 - A specifically designed probe acting as an interface between the applied product and test equipment and to prevent damage to the connector

Image representative of type only

Features:

A plug-on test probe
Can be used held in position or clipped in position

Single Point Insertion Tool

224290-1 Repair tool for use with AMP STACK1 0 & 25 Pair Modules

Image representative of type only

Features:

Comfortable moulded handle
Moulded-in metal insert for long life

Part Number	Description	mm ² (AWG) or other
224290-1	Not to be supplied to BritishTelecom	0.3 - 0.9 (24-20)
790172-1	Prefered by British Telecom over 224290-1	0.3 - 0.9 (24-20)

Only the most popular options are listed here, please use our online search by terminal PN to find the right tool for your application, and contact us where information is unclear or missing - there may well be something available for your requirement.

10 Pair Separator Tool

790104-1 - Designed to separate AMP STACK pluggable modules

Image representative of type only

Features:

Robust pressed steel design
One action separation

Check Combe, 10 pair

356073-1 - visual aid used in AMP STACK modular jointing applications to check wire colour positioning

Image representative of type only

Features:

Simple durable moulded design

Check Combe, 25 pair

224517-1 - visual aid used in AMP STACK modular jointing applications to check wire colour positioning

Image representative of type only

Features:

Simple durable moulded design

Single Point Separator Tool

790141-1 - Designed to separate AMP STACK 10 or 25 pair pluggable modules

Image representative of type only

Features:

Does the same job as 790104-1 but in a progressive way
Strung open jaws aid separation

Splicing Head, 10 Pair with Pedestal Bar, 10 Pair

1-790114-1 - for AMP STACK Mk IV 10 Pair applications

Features:

- Snug fit product location
- Wire combs for wire guidance and separation
- Spring clamping to hold
- Compact pedestal bar mounting

Image representative of type only

Splicing Head, 10 Pair

1-790114-2 - for AMP STACK Mk IV 10 Pair applications

Features:

- Snug fit product location
- Wire combs for wire guidance and separation
- Spring clamping to hold

Image representative of type only

Splicing Head, 25 Pair

224636-1 - for AMP STACK Mk III 25 Pair applications

Features:

- Snug fit product location
- Wire combs for wire guidance and separation
- Spring clamping to hold

Image representative of type only

Battery Tool Kit

Convert your existing Hand Tools into Powered!
Ideal for low to medium production volumes.

Image representative of type only

Features:

Over 100 crimps per charge
Compact - only 356mm (14") long and weighs 1.57kg (3.48lbs)

The Tool Kit is supplied in a durable plastic carry case and includes:

Battery Tool with the relevant Adapter / Head
Battery Charger 220v
Two Batteries

Spares:

1725839-1 - Battery
1725840-2 - Battery Charger (EU Power Plug)
1725840-3 - Battery Charger (UK Power Plug)

Electric Terminator EU

539630-1 - Portable Bench-top Unit with foot switch (requires head / Adapter).
Ideal for low to medium production volumes.

Image representative of type only

Features:

Portable Bench-top Unit

Mains powered unit - no air required (EU mains plug)
Switchable 110v or 240v supply
Cycle Counter
Two stage crimp cycle option
Includes Foot switch 1673664-1

Part Number	Description	mm ² (AWG) or other
169411	Adapter for CERTI-LOK Dies	
1213860-1	Adapter for CERTI-CRIMP II Heads	
1673663-2	Adapter for SDE Dies	
1901556-1	Adapter for C-Head SAHT Dies	
2-1579001-3	Mini CERTI-LOK Head for Wire End Ferrules	0.08 - 10.0 (28-8)

Only the most popular options are listed here, please use our online search by terminal PN to find the right tool for your application, and contact us where information is unclear or missing - there may well be something available for your requirement.

Micro Pneumatic

Ideal for low to medium production volumes.

Features:

- All pneumatic
- Wire range of 0.12 - 2.0 mm² [26-14]
- Weighing only 0.7 kg (1.5lb)
- 146.5 mm (5.75") long

The Basic system requires:

- A Power Unit
- A Tool Holder / Adapter
- A Head Assembly

Micro Pneumatic Adapter

Adapter only

Features:

Also required:

- Adapter Holder with Ratchet 356304-1
- or Adapter Holder without Ratchet 189928-1
- and
- Hand held power unit 1490567-1

Part Number	Description	mm ² (AWG) or other
1583527-1	Adapter for CERTI-CRIMP II SAHT (pictured)

Micro Pneumatic Crimping Head

Crimping Head only

Image representative of type only

Features:

Also required:

Small Tool Holder with Ratchet 1673611-1

and

Hand held power unit 1490567-1

The listed Heads can also be used in the 626 pneumatic system

Part Number	Description	mm ² (AWG) or other
314270-3	PIDG Terminals & Splices; PLASTI-GRIP Terminals	0.4 - 1.5 (22-16)
314269-1	PIDG Terminals & Splices; PLASTI-GRIP terminals	1.5 - 2.5 (16-14)
314868-1	PLASTI-GRIP Butt Splice	0.4 - 1.5 (22-16)
314869-1	PLASTI-GRIP Butt Splice	1.5 - 2.5 (16-14)
314516-1	SOLISTRAND Terminals & Splices	0.4 - 1.5 (22-16)
314517-1	SOLISTRAND Terminals & Splices	1.5 - 2.5 (16-14)
314518-1	SOLISTRAND Terminals & Splices	2.5 - 4.0 (14-12)

Only the most popular options are listed here, please use our online search by terminal PN to find the right tool for your application, and contact us where information is unclear or missing - there may well be something available for your requirement.

626 Pneumatic

Ideal for low to medium production volumes.

Features:

All pneumatic

Wire range of 0.12 - 13.0 mm² [26-6]

The Basic system requires:

A Power Unit

A Tool Holder / Adapter

A Head Assembly & Die-set (when applicabe)

Image representative of type only

626 Pneumatic Adapter

Adapter only

Image representative of type only

Features:

Also required:
 Adapter Holder with Ratchet 356304-1
 or Adapter Holder without Ratchet 189928-1
 and
 Hand held power unit 189721-1
 or Foot actuated Power Unit 189722-1

The above Adapter Holders also take Micro Pneumatic Adapters

Part Number	Description	mm ² (AWG) or other
525432-1	Adapter for Heavy Head Hand Tool	
1213563-1	Adapter for Double Action Hand Tool (pictured)	

Only the most popular options are listed here, please use our online search by terminal PN to find the right tool for your application, and contact us where information is unclear or missing - there may well be something available for your requirement.

626 Pneumatic Crimping Head (Small Tool Holder)

Crimping Head only

Image representative of type only

Features:

Also required:
 Small Tool Holder with Ratchet 356303-1
 or Tool Holder without Ratchet 189766-1
 and
 Hand held power unit 189721-1
 or Foot actuated Power Unit 189722-1

Part Number	Description	mm ² (AWG) or other
217205-1	Closed End Splice	0.4 - 1.5 (22-16)
354422-1	Closed End Splice	0.4 - 2.5 (22-14)
354422-2	Closed End Splice	0.4 - 6.0 (22-10)
314537-1	PIDG, PLASTI-GRIP Terminals & Splices	0.15 - 0.4 (26-22)
189989-1	Crimping Head for SOLISTRAND Terminals & Splices	0.4 - 6.0 (22-10)

Only the most popular options are listed here, please use our online search by terminal PN to find the right tool for your application, and contact us where information is unclear or missing - there may well be something available for your requirement.

626 Pneumatic Crimping Head (Large Tool Holder)

Crimping Head only

Features:

Also required:

Large Tool Holder with Ratchet 356302-1
or Tool Holder without Ratchet 189767-1
and

Hand held power unit 189721-1 (-2 with Booster]
or Foot actuated Power Unit 189722-1 (-2 with Booster]

Image representative of type only

Part Number	Description	mm ² (AWG) or other
189896-1	SOLISTRAND Terminals	1.0 - 10.0 (18-8)
189466-1	Closed End Splice	1.0 - 6.0 (18-10)
189447-1	COPALUM Terminals and Splices	1.5 - 2.5 (16-14)
1320369-1	COPALUM Terminals and Splices - *requires (-2) Power Units!	10.0 (8)
189444-1	COPALUM Terminals and Splices	4.0 - 6.0 (12-10)
679300-1	PIDG Terminals & Splices; PLASTI-GRIP Terminals	4.0 - 6.0 (12-10)
679301-1	Crimping Head for SOLISTRAND Terminals & Splices	0.4 - 6.0 (22-10)
1338757-1	SOLISTRAND Terminals & Splices	10.0 (8)
1338758-1	SOLISTRAND Terminals & Splices	6.0 (10)
217206-1	STRATO-THERM SOLISTRAND High Temp & Heat Resistant Terminals & Splices	0.4 - 6.0 (22-10)
904395-1	TERMINYL Terminals & Splices; (PLASTI-GRIP where no insulation crimp is required)	10.0 (8)

Only the most popular options are listed here, please use our online search by terminal PN to find the right tool for your application, and contact us where information is unclear or missing - there may well be something available for your requirement.

Bench Press SSC-2FP

1481004-7

Ideally suited to:

- Insulated terminals up to 6 mm²
- Copper tube terminals up to 16 mm²
- Wire End Ferrules up to 50 mm²

Image representative of type only

Features:

NO GUARDING NECESSARY!

The machine will not operate when the jaw opening is greater than 6mm.

Variable pre-hold pressure.

Double Foot Pedal Actuation:

First pedal opens the jaws for terminal placement, releasing the pedal closes the head with pre-hold pressure only.

Second pedal activates the crimp cycle, pressing the first pedal again allows the crimped terminal to be removed.

mm² (AWG) or other

Part Number	Description	mm ² (AWG) or other
3-1481221-6	Adapter for WDT Dies	
8-1481221-2	Adapter for Service Tool Dies	
1579000-8	Adapter for SDE Dies
